

Title: Team 404 Agent for SCML 2026 Standard Track

#### 1. Overview

This agent is designed for the SCML 2026 Standard Track.

#### 2. Strategy

The agent uses a synchronous negotiation strategy.

It estimates needed supplies and sales from the AWI and accepts offers based on quantity matching, price, and delivery time.

#### 3. Current Status

This is a preliminary version. The strategy and evaluation will be improved before the final submission.

#### 4. Future Improvements

We plan to improve partner modeling, price concession, and offer selection.
